A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock.

Cemetery Water.

At the annual meeting of the Board of Directors of the Cemetery Water Works, April 13, 1891, it was resolved, that all persons wishing water for irrigation, the present season will be required to pay for the same on or before May 7, 1891, for the season of five months from May 1, to October 1. The Superintendent will not water any lot except in compliance with this resolution.

M. A. MURPHY, Pres.
A. M. McCABE, Secy.

TAKE WARNING.

All persons are forbidden to dump or deposit on or near any public highway within the county of Ormsby, State of Nevada, any RUBBISH, FILTH, DEAD ANIMALS or other nuisances or obstructions.

Any person or persons committing any one of the above named offenses, will be prosecuted to the full extent of the law.

By order of the Board of County Commissioners of Ormsby County, Nevada.

Attest: Wm. Hy. DOANE,
Clerk.
Carson City, Nev., May 4, 1891.

Sandrock and Millard, practical plumbers and gasfitters, have opened a shop in Dick Mills' old stand South Carson St., and propose to do all work in their line at prices so low that you don't have to mortgage your property, to pay them. Stoves and ranges and all kinds of tinware on hand, at very reasonable rates. Razors and scissors sharpened. j31tf.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children's teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

More bargains in pictures. For 20 days I will make cabinet pictures for \$3 per dozen. Paris panels, \$6, 14x17 crayon finely framed, only \$5. Legislative groups less than cost. Business closes June 1st. Jas. H. Crockett. a25

Dr. Fox treats private, chronic, and nervous diseases of men, nervous debility, impotence, stricture and all other weakness of manhood.

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business.

ALL SORTS.

Ten cars of cattle left Carson yesterday morning.

New spuds and new onions at Chas. H. Kelly's, Arlington Block.

Strawberries, fresh, red and toothsome, only one bit a box, at Chas. H. Kelly's.

Everything the market affords at Tennants. Fresh fish received every day.

The plans and specifications for the pavilion can be seen at Cagwin & Noteware's.

The Carson race track is in fine condition, and speed is being developed there every day.

Frank Shea will fight Harry Stevens of Tuscarora for \$50 a side shortly. Reno backs Shea.

Stricture treated with phenomenal success by a new method.

m12 Dr. Fox.

As soon as the Carson gets back in its natural channel, some large wood drives will be sent down the river.

George Rutherford has retired from the editorship of the Silver State and Banker Nixon is astride of his own tripod.

Miss Stina Wagner, who has been teaching school at Reese River, returned last evening to her home in Empire.

The storm has cleared off and left a delightful air. Gen. Irish, the Washoe Weather Seer, however, predicts more rain.

Major McLoughlin's discovery that electricity accelerates vegetable growth is destined to revolutionize the orange industry of California.

The fact that California editors have to resort to horse stealing to keep the wolf from the door, shows how the party neglects the press in that State.

J. W. Moyle and S. L. Benedict, of Bodie, were passengers on last evening's train for San Francisco. Mr. Moyle reports that business in Bodie is improving.

Matt Anderson and John Lynch had a row near Keeler on Monday and Anderson threatened Lynch with an ax, and the latter shot him in the abdomen, killing him.

There will be a quarter dash on Sunday between Dandy Roan and Steeldust, for a purse. Dandy Roan has the reputation of making the fastest quarter record.

The APPEAL is indebted to Prof. Ring, State Superintendent of Public Instruction, for a list of school officers of Nevada, including the county superintendents and principals of the schools.

Wednesday afternoon Frank Mills engineer at the Mt. Diablo hoisting works at Candelaria, had one of the fingers of his left hand badly smashed while throwing wood into the fire-box.

When "Prob" predicts that 'twill be cooler, then without danger you may roam around in gauzy summer garments, and leave your overcoat at home. Order a spring suit now at Abe Cohns.

A young lawyer back East appealed a case on the ground that the Judge, at the time of rendering the decision, was suffering from an attack of the grip. The appeal ought to be well taken.

The Pioche Record speaks of its idle sports as follows: Several of our gentlemen of leisure are thinking of seeking other fields and pastures new, where money is more plentiful and the scoop is not so difficult.

In California President Harrison thought that he had never seen anything so fine as orange groves. Now he is in Nebraska announcing that nothing is so pleasing to his eye as growing corn. In Oregon he was heart and soul for ducks.

The rain of the 12th was just one-half an inch, a bountiful quantity for this or any other region. It was pretty general and will be followed by more. The late frosts have not hurt the fruit crops at all, and it is to be hoped that this present stormy time will not be followed by more frost.

C. W. IRISH.

Edison has now completed an invention by which the production of a play can be sent by wire. You can sit one hundred miles away, and while listening to the words of the actors, see every motion of their bodies and expression of their features. Hope this will be out in time for the Jackson-Corbett prize fight.

The failure to appropriate money for the Nevada Indian School seems inexcusable. From news received from Carson good crops have been planted and the children have been taught to work. It is a pity that so good an institution should be crippled for lack of coin when thousands are wasted every year on impracticable schemes for aiding the Indians. S. F. Chronicle.

A dispatch from Rome quotes a prominent Italian government as about to issue a circular to the European powers for the purpose of setting on foot an international movement to compel the United States to guarantee the protection of foreign subjects. Italy should understand that this country cannot guarantee to foreigners greater protection than is afforded to its own citizens. To do so would be to create a privileged class, and in America there are no privileged classes.

Press Association Meeting. C. C. Powning, President of the Nevada Press Association, has issued a call for a meeting of the Association at Reno on the 25th of this month.

One of the objects of the meeting is to select a delegate to attend the meeting of the National Press Association which meets at St. Paul, Minn., on July 15th.

Another question to come before the meeting is the proposition of suing the Republican State Central Committee for the balance due various papers of the State for advertising during the campaign of last Fall.

The meeting will be one of the most important ever held by the Association, and every paper in the State should send a representative or a proxy.

The Beef Market.

Oregon, Washington, Omaha and Chicago have about cleaned up the beef market for this year. San Francisco butchers must now depend upon the black, slimy beef of California or go without. For years they have regulated the price of Nevada beef from the gauge of the San Francisco market, but this year they are left. If Nevada beef producers would cut loose from the San Francisco butchers and look elsewhere for a market, they would undoubtedly realize better prices.

Will Bet on the Woman.

The petrified woman can no longer be seen after today. Mr. Reed has learned of parties in N. Y. who are anxious to bet him \$10,000 that the woman is a fraud. He has wired that he will go to New York, bet the money and allow any tests. He expects to clean up the coin on the way. He says he knows the woman well enough to back her.

A Deep Mine.

The Holmes Mining Company is now extracting ore from the 2100 foot level of the Northern Belle mine at Candelaria and obtaining a rare kind of silver ore that is a pure turquoise in color and quite rich. The mine at that depth continues, as it has from the surface, to be as dry as a powder horn, and there has never been a drop of water encountered in it.

Deep Creek Travel.

The Salt Lake Tribune says that during the past two weeks stages have been running tri-weekly from Stocton, Utah, to Dugway and have been crowded all the time. The company now purpose extending the line further west to Fish Springs, and perhaps further. The stages are loaded west all the time, but few going back.

Livingston Decorating.

Livingston is decorating his saloon until it looks like a Turkish bazaar. Heritage & Gaige are doing the work and as embellishers, are second to none in Nevada.

COAST NEWS.

George W. Noble, while temporarily insane at San Diego, attempted to kill his mother.

The fourth trial of K. A. Powell for killing Ralph Smith two years ago has begun at Redwood City, Cal.

Leslie Bushnell, the English girl who sued W. E. Williams of Seattle for breach of promise of marriage, got a verdict for \$10,000.

Much excitement is shown at Colusa, Cal., over the fact that the body of Miss Forney, who died Monday, is still warm. The funeral was advertised for Wednesday.

Mrs. Caroline M. Crockett, widow of Justice Crockett of the Supreme Court, died Wednesday morning at her residence, 2175 East Fourteenth street, Fruitvale, Cal.

At Timbucto, a mining camp in Yuba county, Cal. Monday, Ah Yate, a Chinaman, killed Ah Quong, in a dispute over the division of gold dust, which they had been mining.

Harry Barrymore, the comedian who at one time played the leading role in the True as Steel Company, attempted to commit suicide at the Bixley Lodging-house, Portland, on Sunday evening, by cutting his throat with a razor.

The Indians in the Okanagan country are in a state of consternation owing to the prevalence of la grippe among them. One hundred or more have died. The Indians are moving out rapidly for Idaho and other points, carrying their possessions with them.

Jose Coavez, ten years old, was bitten on the end of a finger by a rattlesnake at Gila City last Thursday. The flesh around the wound was at once cut away, the finger corded near the hand and arm near the shoulder and the child made to drink considerable brandy. He was put on the train and set to Yuma Cal., when the doctor applied such remedies as he demanded. Although an hour and forty minutes had elapsed from the time the lad was bitten, the case yielded promptly and the boy is well. The snake was four feet in length.
